

# DOWNTOWN GROCERIES?

*We're*  
**OPEN**  
*to sharing ideas*

THE DCRA is inviting our fellow downtowners to participate in a *Letter Writing Campaign* targeted at policy-makers and downtown stakeholders to address the effects of losing Grocery Store services in the downtown and the other subsequent

concerns that arise from this particular issue.

THE PRIMARY CONCERN of this campaign is to address the need for sustainable, affordable, and reasonable access to Grocery Services in our downtown—and to make the voice of our downtown

neighbourhoods heard on the topic.

SECONDLY, although a solution may not be simple nor immediate, we know that as downtown residents, we must be part of the discussion. SO, LET'S JOIN THE CONVERSATION!

Find out more at [downtowncommunity.wordpress.com](http://downtowncommunity.wordpress.com) to download a letter template and find contact information for City Council and other downtown partners.
